Roy W. Stockard, Special Assistant to the Attorney General, P. O. Box 2229, Reno, Hevada.

Dear Mr. Stoddards

Re: United States v. Walker River Irrigation District, st al., District Court of the United States for the District of Mevada.

This will acknowledge receipt of your letter of January 11, 1940, in reference to further proceedings in the above entitled case, and in which you enclosed two copies each of the fellowing:

Minerandum from E. W. Eronquist, in re Weber Beservoir.

Letter dated January 8, 1939, from E. W. Kronquist to E. C. Fortier.

Letter dated January 11, 1940, to E. W. Kronquist.

The Department agrees with your view that it would be advisable to file with the State Engineers of Mevada and California, notice of the construction of Weber Reservoir and the Government's claim of the priority for the storage of water as of April 16, 1936. A copy of your letter, together with copies of the enclosures, are being transmitted to the Department of the Interior, with the request for an empression of its views on this matter. It appears likely, however, that that Department will agree with your recommendation. This doubtless can be done after entry of the amended decree.

Since it appears that it would not be practicable to prepare a preliminary draft of the stipulation until after you return to have, and since the hearing on plaintiff's notion for entry of an amended decree pursuant to the writ of mandate is now set for Pebruary 19, 1940, it is not likely that there will be sufficient time for the sensideration of the stipulation by this Department and by the Department of the Interior before the date set for the hearing. Since the views of this Department are contained in its latter of December 9, 1939, and the views of the Department of the Interior are contained in its latter of Jasuary 2, 1940, if a stipulation can be present sommistent with the views expressed in these letters, there would appear to be no necessity of submitting the prepased stipulation before it is entered into and filed with the court. The Department of the Interior has concurred informally in this suggestion. If time permits the Department, of source, would like to examine a copy of the prepased stipulation prior to the time that it is entered into by the parties.

You will be further advised upon the receipt of a report from the Department of the Interior, upon the receiped in your letter of January 11, 1940.

Respectfully, For the Attorney General

Teel) Araman M. Littell

RORMAN M. LITTELL Assistant Attorney General
